PART THREE: WHERE TO MAIL WITH PAYMENT

Registration fee (renewal required every 5 years):
U.S. funds only.

FREE

Please make check or money order payable to:
Malama-Lio Equine Registry
P.O. Box 91984
Pasadena, CA 91109

“Contrell”

The 2009 Licensed Westfalian Stallion on the Big Island

Photograph compliments of Mr. & Mrs. Buckley

Contrell, the beautiful horse on the cover of Malama-Lio, The Hawaii Horse Journal's Winter 2015 issue is absolutely stunning. Contrell is the 2009 Licensed Westfalian Stallion recently imported from Germany where he successfully completed his 70 day stallion test with exceptional scores in showjumping. Contrell combines some of the very best bloodlines in showjumping which include Cantus, Capitol & Cor de la Bryere; all from Holstein breeding. His sire, Colbert GTI, was a private stallion in Holstein. Following wins in a series of show jumper classes in 1999 & 2000, he respectively became one of the most regarded horses of the Federal Championships in Warendorf, Germany in both years.

Colbert GTI was approved for breeding by Westfalia on his own sports success. Contrell's dam-sire, Pilot, is showjumping's first millionaire sire. The Pilot line has proven itself internationally of great value but has been difficult to maintain, but it is being preserved through the proven dam's line in Contrell.

Seeing this awesome horse made us think about all horses on the islands. We do that often, but Contrell made us think about the continuing need for us (Hawaii's Horse Community) to properly care for our horses. We've made some strides, granted, but we still lack a big piece of the puzzle i.e. a complete horse registry. There are many pro and con positions about why or if one should or should not register their horse(s). But, as it relates specifically to Hawaii, it's less about registering your horse for "horse owner benefits" - it is to determine, as accurately as possible, how many we have, where they are and how we can help all of them.

Using Contrell as our appointed model/spokes horse for Malama Lio's Equine Registry, we encourage everyone, again, to register their horse(s). It's free. Registering your horse will not only be a great reference for Hawaii's Horse Community, but for everyone outside of the state as well. Hawaii is an island state that relies on 90% of what it needs to survive...that includes our pets and animals. Think of it like this, who builds or buys a house, or attempts to market a product or service to that population without knowing the demographics? How can we ask for help when we're not sure how many need help?

Malama-Lio's Equine Registry application is attached. It's inclusive but not all of the information is needed. - just identify the horse and its location. **In fact, we'll donate \$1.00 (up to \$250.00) for every horse registered to Equine 808 Horse Rescue for every horse registered before the end of April.** We're all in this together and will be for the next couple of issues. Please, let's work together to get this done. Remember, it's **FREE** and your participation helps our friends at Equine 808 continue to do what they do best.

Contrell will be standing for a limited time only to Hawaii before returning to the mainland for breeding. Contrell is standing at Aina Hou Animal Hospital on the Big Island of Hawaii for a private treaty fee. Shipped, chilled semen will be available to other islands as well. For more pedigree information go to www.BuckleySportHorses.com or to request a breeding contract please contact Lester Buckley at (808) 640-1681.

We thank Mr. and Mrs. Buckley for their submission.

All gone? Can't find a copy of *Malama Lio* at your local feed or tack shop?
